## PROJECTS

### My Portfolio

[Live Demo](#)

[Github](#)

**Technologies:** React.js, Emailjs, HTML5, CSS3, JavaScript

- Showcasing my skills, achievements, and projects. This portfolio serves as a comprehensive representation of my qualifications and experiences, providing a concise overview of my capabilities and accomplishments.

### GridTable

[Live Demo](#)

[Github](#)

**Technologies:** JavaScript, CSS3, HTML5, JavaScript Patterns, CURD Functionality, Pagination

**Major Functionalities:** Searching, Adding, Deleting, Shorting, Pagination

- This solution effectively manages and displays data, enabling efficient searching, adding, deleting, and sorting operations for improved data organization and accessibility.

### ZeptoClone

[Live Demo](#)

[Github](#)

**Technologies:** MVC architecture, JSON, JavaScript, CSS3, HTML5

**Major Functionality:** Searching, Category Based Rendering and Filtering, Cart , Adding and Deleting of Items

- Featuring powerful functionalities, including seamless searching, category-based rendering and filtering, a user-friendly cart system, and the ability to add and delete items with ease. This platform optimizes the online grocery shopping experience, making it efficient and convenient for users.

### ChillFlix

[Live Demo](#)

[Github](#)

**Technologies:** API, MVC architecture, JSON, JavaScript, CSS3, HTML5,

**Major Functionality:** Searching, Genre Based Rendering, Rating Wise Filtering

- Advanced features that include dynamic searching, intelligent suggestions based on ratings, genre-based filtering, and a sleek carousel interface. Leveraging data from APIs, this app offers a seamless and immersive movie browsing experience.

### Dynamic Form

[Live Demo](#)

[Github](#)

**Technologies:** React.js, JavaScript, CSS3, HTML5

**Major Functionality:** Storing Input Data Dynamically and Rendering on Submission Enabling

- Enabling users to interactively input and manipulate data. This form adapts to user inputs, providing a flexible and user-friendly way to capture and process information efficiently.

## SUMMARY

I am a graduate of NIT Surat and an enthusiastic frontend developer proficient in a wide array of web development technologies. I specialize in JavaScript, React, HTML5, CSS, REST APIs, Git, advanced JavaScript concepts, Redux, and responsive web design. I am adept at creating intuitive user interfaces and collaborating with cross-functional teams to deliver exceptional web applications.

## EDUCATION

### B.tech Chemical Engineering

**National Institute of Technology Surat**

📅 07/2017 - 05/2021

## SKILLS

JavaScript
